## SUMMARY

---

Informatics Engineering undergraduate at Jakarta Global University with a background in Computer and Network Engineering. Skilled in web and software development, networking, and IT support, with hands-on experience building responsive web applications using React, Laravel, Tailwind CSS, and MySQL. Familiar with Linux system administration, network configuration, and troubleshooting. Passionate about learning new technologies and building practical solutions through academic and personal projects.

## EDUCATION

---

### Jakarta Global University

#### Bachelor of Informatics Engineering

2024 – Present

Current GPA 3.48/4.00

#### Relevant Coursework

- Data Structures & Algorithms
- Software Engineering
- Computer Networks
- Database Systems
- Operating Systems
- Web Programming

### SMK Negeri 3 Depok

#### Computer and Network Engineering

2020 – 2023

#### Relevant Coursework

- Computer Networking
- Network Infrastructure
- Linux Administration
- Server Administration
- Router & Switch Configuration
- Network Security Fundamentals

## PROJECTS

---

### Clash.Soccer

#### Full Stack Developer

##### Tech Stack: React.js, Tailwind CSS, JavaScript, Git, GitHub

- Developed a responsive football news website using React.js and Tailwind CSS.
- Built reusable UI components to improve consistency and maintainability.
- Optimized the interface for desktop and mobile devices with a mobile-first approach.
- Managed source code and version control using Git and GitHub.

### ECO RANGERS

#### Full Stack Developer

##### Tech Stack: PHP, MySQL, HTML, CSS, JavaScript

- Developed a web application focused on environmental awareness and sustainable living.
- Built core application features using PHP and MySQL.
- Designed responsive and user-friendly interfaces to improve usability.
- Collaborated with team members using Git and GitHub throughout development.

### FINN BUDDY

#### Full Stack Developer

##### Tech Stack: HTML, CSS, JavaScript

- Designed and developed a responsive website with a clean and modern user interface.
- Built reusable and well-structured front-end components following responsive design principles.
- Improved user experience by creating intuitive navigation and visually consistent layouts.
- Focused on writing clean, maintainable, and semantic code.

## TECHNICAL SKILLS

---

### Programming

- JavaScript
- PHP
- Python
- HTML5
- CSS3

### Frontend

- React.js
- Tailwind CSS
- Bootstrap

### Backend

- Laravel
- REST API

## **Database**

- MySQL

## **Networking**

- TCP/IP
- Routing & Switching
- VLAN
- DHCP
- DNS
- NAT
- Mikrotik RouterOS
- Cisco Packet Tracer

## **Operating Systems**

- Ubuntu Linux
- Windows

## **Tools**

- Git
- GitHub
- VS Code
- Postman
- Winbox

## **WORK EXPERIENCE**

---

### **Administrative Staff Intern**

#### **Regional Revenue Agency (BAPENDA)**

**Jan 2023-Mar 2023**

- Maintained and verified 500 taxpayer records to ensure data accuracy.
- Assisted in organizing official documents and administrative reports.
- Updated database information and supported daily office operations.
